

Fan manual

Safety

IMPORTANT! Read and understand all instructions and safety regulations before using your fan.

1. Keep children at a distance. Do not let children play with the appliance or near the appliance.
2. Electrical connection: The fan is suitable for a 230V/50Hz connection. Use only a connection with earthing and with a residual-current device (RCD).
3. Do not use the appliance with a damaged power cable. If damaged, the cable must be replaced immediately with a cable of the same type and size.
4. Use only approved extension cables.
5. Do not drop or throw the appliance. This can damage the wiring and components.
6. Install the appliance on a stable and level surface.
7. During transport, ensure that the appliance does not slide in the vehicle.
8. The appliance must not stand in puddles or standing water. Do not use it outdoors. If the cable or parts become wet, they must be carefully dried before use.
9. The air inlet and air outlet must not be covered or blocked.
10. Do not look into the outlet opening of the blower. Foreign objects can be dangerous.
11. Always use the blower with the guards fitted, to prevent contact with the rotating wheel.
12. Do not insert objects or body parts into the blower.
13. Do not use the blower in places where chemical, flammable or explosive materials are present.
14. Check the blower before each use, and do not use it if damaged.
15. Disconnect the blower from the power supply before moving or cleaning it.
16. Do not hang the blower on the wall or the ceiling.
17. This equipment must not be used by children or people with reduced physical, sensory or mental capabilities, except under the supervision of a responsible person.

Connection

Place the appliance on a flat and stable surface. Connect the appliance to an earthed socket. Set the desired speed: for drying floors, it is advisable to use the medium blow speed. Set the switch to ON. Check that the appliance is working properly before leaving it unattended. Do not move or carry the fan while it is in use.

Specifications

General
